

Living Options Residential Services

Providing care and support to individuals with physical disability

The Cedar Foundation Residential Services provide housing, care and support for individuals with disabilities and complex needs including brain injury. Care is provided on site over a 24 hour period by specially trained staff who actively encourage user choice and control.

All accommodation is appropriately and sensitively designed, adapted and equipped to meet the needs of service users. Individuals are supported to be fully included and active in their local community.

Providing innovative living options to people with different levels of care needs.

Ardkeen

Ardkeen is a new SMART housing project situated in Marlborough Park North, South Belfast. It was commissioned in July 2007 in partnership with Habinteg Housing Association. The building comprises of 10 fully adapted apartments, designed to facilitate Supported Living for tenants with high support needs. The tenant group includes people with physical disability, brain injury and sensory impairment. It combines housing with care and technology to increase independence and enhance quality of life. The tenants can utilise the latest in assistive technology to manage the tasks of daily living.

Hillmount Close

This project was commissioned in July 2003 in partnership with Habinteg Housing Association. Situated on Finaghy Road South in South Belfast, it is a supported living project designed to manage the needs of those with high support needs who wish to live independently

- There are seven apartments all of which are fully adapted
- The tenant group includes people with physical disability, brain injury and sensory impairment
- It combines housing with care and technology to increase independence and enhance quality of life. The tenants can utilise the latest in assistive technology to manage the tasks of daily living.

Hillmount Court

This project was commissioned in April 2007 in partnership with Habinteg Housing Association. Situated just off Finaghy Road South in South Belfast, it is a transitional living project designed to manage the needs of those with high support needs who wish to live independently

- There are five bungalows all of which are fully adapted
- It combines housing with care and technology to increase independence and enhance quality of life. The tenants can utilise the latest in assistive technology to manage the tasks of daily living.

Duke Street

- Situated in East Belfast, with capacity for four people. The units have been recently renovated to a very high standard.
- All occupants are independent in the tasks of daily living with low support needs
- Warden call support available

Ulidia House

Ulidia House is an apartment complex owned by Ulidia Housing Association and located in central Belfast. The Cedar Foundation provides 5 hours housing related support per week to 10 disabled persons living in the complex.
