

Youth Matters is an exciting service which organises activities and personal development programmes that gives young people with disabilities the opportunities to meet new people, make new friends and have fun!

Parents are not required to stay at activities with Young People but will need to complete our information form to make sure we can provide the support that is needed and have all the necessary contact details.

If you want to come along to any of our fun activities all you have to do is call or email our offices and put your name; 028 3752 6221 or email; [d.goodfellow@cedar-foundation.org](mailto:d.goodfellow@cedar-foundation.org)

If you live within the Southern Health and Social Care Trust area and would like to access the Youth Matters Service, suggest further activities or find out more information please contact Derek using the contact details below.

We can also offer FREE Disability Awareness Training for Youth and Community
